PROFESSIONAL SUMMARY

Enthusiastic and detail-oriented Electronics graduate with a solid foundation in software development, programming languages and modern development frameworks. Proficient in the MERN stack, with hands-on experience in building dynamic web applications and robust backend systems. Adept at problem-solving, with a passion for continuous learning and application of new technologies. Seeking a software developer role to contribute technical expertise and innovative solutions in a collaborative team environment.

EDUCATION

| | |
|---|--|
| National Institute of Technology, Uttarakhand <i>Bachelor of Technology in Electronics and Communication Engineering CGPA : 7.35/10</i> | Srinagar, Uttarakhand Dec. 2021 – Present |
| Rajeev Gandhi Navodaya Vidyalaya, Nainital <i>Senior Secondary Education 93.80%</i> | Nainital , Uttarakhand |
| Rajeev Gandhi Navodaya Vidyalaya, Nainital <i>Secondary Education 90.40%</i> | Nainital , Uttarakhand |

TECHNICAL SKILLS

Languages: C/C++, MySQL, JavaScript, HTML
Technologies: CSS, React.js, Node.js, Express.js, Tailwind, MongoDB
Tools: Git

PROJECTS

Blog Website | *JavaScript, Node.js, Express.js, MongoDB, React.js*

- Built responsive user interfaces with React.js, ensuring a smooth user experience across devices.
- Utilized Node.js and Express.js to create RESTful APIs, handling data exchange with the frontend.
- Implemented CRUD operations using MongoDB to manage posts, comments and user data.
- Integrated robust authentication mechanisms using JSON Web Tokens (JWT) and Google OAuth for secure user login and registration.
- Developed an admin dashboard enabling admins to effortlessly manage posts, comments, and users, with functionalities to create, read, update, and delete (CRUD) data.

AudioKey.com | *HTML, CSS, JavaScript* | [Link](#)

- Designed and implemented a fully functional clone of Spotify along with some modifications.
- Integrated JavaScript to handle user interactions and dynamic content updates.
- Implemented features such as play/pause functionality, song progress bar and playlist management.
- Utilized local storage to save albums and playlist data..

ACHIEVEMENTS

CodeChef | 3* | [Profile](#)

- Maximum rating of 1649.
- Solved over 100 problems on the platform.
- Scored under 200 rank among 4k participants in Starters 92, CodeChef.

GeeksForGeeks | [Profile](#)

- Got 164 rank out of 4000 participants in GFG Jobathon 28.
- Solved 400+ DSA problems on the platform.

LeetCode | [Profile](#)

- Solved over 300 problems on the platform.
- Gained strong understanding of DSA concepts through these problems.

Got a rank of 185 out of 32k participants in CodeRush December '23.

Solved over 900+ problems in various coding platforms.
